REASONS FOR ALLOWANCE

The claimed invention of a DC/DC power converter current sense apparatus is found to be allowable over the prior art since a DC/DC power converter current sense apparatus comprising a ramp signal generator providing a ramp signal with a slope proportional to the difference between the input and output voltages of the DC/DC power converter during each cycle of a clock, a DC signal generator for providing a DC signal proportional to the current through a low-side transistor of the DC/DC power converter, and a summing circuit combining the ramp and DC signals was not found to be singularly or collectively taught by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
